Other Members	
Organizational Associate Member (up to 8 members from one organization)	\$1,450
Individual Associate Members <i>*Special individual associate rate for students, Title V alumni, and family associates.</i>	\$205 / \$100*

Membership Categories Defined

State & Territorial Program Members: Each state and territory MCH/CYSHCN program (herein referred to as "Title V Program") shall be eligible for membership. Each Title V Program that has paid its membership dues is entitled to appoint Delegates, who shall have the voting rights set forth in the descriptions following. Only those individuals meeting the requirements of Regular members shall be eligible to serve as Delegates. Title V Program members shall have no voting rights other than those conferred upon their Delegates.

Delegates: Each Title V Program paying dues may designate up to five (5) Delegates, who shall have the sole voting authority on behalf of the Title V Program members, except that in those states where MCH and CYSHCN programs are in separate agencies, each Title V Program member (i.e. the MCH program member and the CYSHCN program member) may designate two (2) or three (3) Delegates for a total of five (5) from the state. Title V directors may choose Delegates from Title V program staff or non-Title V partners, but the fifth Delegate seat may only be held by a family liaison to the Title V program. If the Title V Program does not designate a family liaison for the fifth seat, it remains vacant. Any Title V Program designating fewer than five (5) Delegates shall have only the actual number of Delegates' votes counted. Only Delegates shall be eligible to vote in the election of Association Officers and Directors, and only Delegates shall be eligible for election as Officers and Directors, except for the two Family Representative positions on the Board of Directors. Delegates and Regular members who are family liaisons to a Title V Program are eligible for election as Family Representatives.

Regular Members: Regular members shall be (i) staff of Title V programs or (ii) individuals who work in partnership with Title V Programs, including family liaisons working in connection with state Title V Programs, with a letter of recommendation from the Title V director. Such individuals are only eligible for Regular membership if the Title V Program from their state or territory is a dues-paying Title V Program member of the Association. Each Title V Program member of the Association may have an unlimited number of Regular members from its state or territory. Regular members shall be eligible to serve on committees of the Association and task forces and to vote on all matters before the Association, except election of Officers and Directors. Regular members and Delegates who are family liaisons to Title V Programs shall also be eligible for election to the Family Representative positions on the Board of Directors.

Associate Members: Associate membership is open, upon payment of dues, to both individuals and organizations interested in maternal and child health. Associate members are not eligible to vote on any matter or to hold an office or Board of Director position, but may serve on committees of the Association.

Student Member: Anyone who is enrolled full time at an institution of higher education pursuing a Bachelor's, Master's or other advanced degree with an interest and/or focus on MCH issues.

Alumni Member: Previous AMCHP members who have retired from active practice and no longer derive significant income from work-related activities.

Family Member: Any family member with an interest in maternal and child health who is unable to be represented through their Title V, MCH or CYSHCN program or otherwise be added by their state as a Regular Member or Program Delegate.
