

ADOLESCENT AND YOUNG ADULT HEALTH COLLABORATIVE INNOVATION AND IMPROVEMENT NETWORK (AYAH-COINN)*

PROJECT OVERVIEW

The NH Pediatric Improvement Partnership and the NH Div. of Public Health Services, Maternal and Child Health Section are collaborating to improve NH adolescent and young adult access to AND quality of preventive health care visits. Part of the national Adolescent and Young Adult Health Collaborative Innovative and Improvement Network (AYAH COINN), project goals include: examining how school district policies address adolescent well-visits and conducting a pilot with two clinics to assess and identify strategies to enhance “youth centeredness.”

Clinic Pilot Activities:

- Assessment of adolescent friendliness by youth
- Review results and identify area for improvement
- Training/TA
- Data collection for evaluation and QI work

EXPECTATIONS

Clinics

- Participate in assessment of youth friendliness
- Attend on-site/web-based training
- Submit data on quarterly basis
 - % of AYA who received an adolescent well-visit at your clinic (NH MCH metric)
 - # of clinic encounters during the reporting period for 10-13 y/o, 14-17 y/o, and 18-25 y/o
- Disseminate youth satisfaction survey

NH MCH and NHPIP

- Assist clinics in conducting assessment
- Provide clinic-specific training and TA
- Disseminate useful tools and resources

CLINIC BENEFITS

- Receive summary of clinic’s youth friendliness conducted by youth representatives
- Free training by Adolescent Medicine Physician
- Access to dashboard reports of youth satisfaction survey results & project QI metrics
- Access to tools from AYAH National Resource Center

Project Timeline:

September 2017- August 2018

*AYAH-COINN is a project of the Adolescent and Youth Adult Health National Resource Center with funding from the U.S. Maternal and Child Health Bureau
