

# ADDITIONAL RESOURCES

## Using Data to Inform MCH Programs

### DATA RESOURCES

[Data Resource Portal](#). *Association of Maternal and Child Health Programs.*

- Relevant data sources such as CDC's WONDER, Data Resource Center (DRC) for Child and Adolescent Health, and more.

[Epidemiology and Evaluation Resources](#). *Association of Maternal and Child Health Programs.*

- Guides and examples on the diverse uses of data to inform MCH policy and programs.

### RESOURCE LIBRARIES

[Resource Library](#). *Association of Maternal and Child Health Programs.*

- Resources covering all aspects of maternal and child health across all of our formats: infographics, toolkits, archived webinars, publications (including reports, fact sheets, and issue briefs), learning modules, videos and other multimedia.

[Maternal Mortality Review Resource Center](#). *Research to Action.*

- Resources related to maternal mortality review committees.

[MCH Digital Library](#). *National Center for Education in Maternal and Child Health, Georgetown University.*

- Current evidence to support State Title V programs, community agencies, educators, students, researchers, policymakers, and families.
- Seminal and historic materials from federal, state, and local programs.

[MCH Navigator](#). *National Center for Education in Maternal and Child Health, Georgetown University.*

- Training portal for MCH professionals.
