

Nevada

Maternal and Child Health Block Grant 2023

The Maternal and Child Health Services Block Grant, Title V of the Social Security Act, is the only federal program devoted to improving the health of all women, children, and families. In Fiscal Year 2021, 92% of all pregnant women, 98% of infants, and 58% of children nationwide benefitted from a Title V-supported service. To learn more about Title V, visit www.amchp.org.

89.3%	Children with special health care needs
15.0%	Others

*2021 State/Jurisdiction Annual Reports Submitted to the Maternal and Child Health Bureau

State spotlight: Nevada 211

As a special telephone number reserved in Nevada, 211 provides MCH information and referrals to statewide health and human services organizations. Operators are updated with current resources and information to support the MCH population, including assisting pregnant women seeking prenatal care services. Bilingual (English/Spanish) operators are available. In addition to calling 211, Nevada residents can also text their five-digit zip code to TXT211 (898211) to receive assistance via text message and/or visit the website at Nevada211.org. Nevada 211 integrates with the Medical Home Portal.

Current Special Projects of Regional and National Significance (SPRANS)

Special Projects of Regional and National Significance (SPRANS) funding complements the formula funding each state receives and helps ensure the success of state Title V, Medicaid, and CHIP programs by driving innovation, responding to emerging and entrenched issues, and building capacity for integrated systems of care for women, children, and families.
