

New Hampshire

Maternal and Child Health Block Grant 2023

The Maternal and Child Health Services Block Grant, Title V of the Social Security Act, is the only federal program devoted to improving the health of all women, children, and families. In Fiscal Year 2021, 92% of all pregnant women, 98% of infants, and 58% of children nationwide benefitted from a Title V-supported service. To learn more about Title V, visit www.amchp.org.

*2021 State/Jurisdiction Annual Reports Submitted to the Maternal and Child Health Bureau

State spotlight: Family Centered Early Supports & Services

New Hampshire's Early Identification and Intervention programs for Infants and Toddlers with Disabilities (Part C of IDEA), supports the family's and other caregiver's ability to care for a child (0 -3) with delays and disabilities to address his/her individual needs:

- **Watch Me Grow** helps NH families to ensure their child's brightest future by tracking his or her growth & development. It is the state's developmental screening, referral and information system for families of children ages birth to six years;
- **Partners in Health** is a free, statewide, community-based program that provides support to CYSHCN, regardless of income. Each regional site has its own Family Council that plans programs and community activities while providing a forum for mutual support;
- **Family Support for Individuals with Disabilities** includes a wide range of services and activities that assist families in developing and maximizing their ability to care for individuals with disabilities, including ten regional Area Agencies provide services that focus on a family's own strengths and abilities to support being successful in their own community; and
- **Regional Family Support Councils**, comprised of family members or individuals, serve as advisory bodies to each Area Agency.

Current Special Projects of Regional and National Significance (SPRANS)

Special Projects of Regional and National Significance (SPRANS) funding complements the formula funding each state receives and helps ensure the success of state Title V, Medicaid, and CHIP programs by driving innovation, responding to emerging and entrenched issues, and building capacity for integrated systems of care for women, children, and families.
