Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Association of Maternal and Child Health Programs (the Association), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Association as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards on pages 17 - 18 is presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is required by the Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Requirements by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2023, on our consideration of the Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Johnson Lambert LLP". The signature is written in a cursive, flowing style.

Association of Maternal and Child Health Programs

Notes to Financial Statements

Years ended September 30, 2022 and 2021

1. Summary of Significant Accounting Policies and General Information

Organization

The Association of Maternal and Child Health Programs (AMCHP or the Association) is a non-profit organization, incorporated and located in Washington, D.C. AMCHP was established to provide leadership to assure the health and well-being of all women, children and adolescents, including those with special health care needs, and their families.

Basis of presentation

The accompanying financial statements are presented on the accrual basis of accounting, and in accordance with Financial Accounting Standards Board (FASB) ASC 958, *Not-for-Profit Entities*.

Cash and cash equivalents

AMCHP considers all cash and other highly liquid investments including certificates of deposit, with maturities of three months or less to be cash equivalents.

Bank deposit accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000. At times during the year, AMCHP maintains cash balances in excess of the FDIC insurance limits. Management believes the risk in these situations to be minimal.

Investments

Investments are recorded at fair value. Investment (loss) gain, net consists of interest and dividends earned from cash, cash equivalents and investments, net of related investment management expenses, along with the change in fair value of investments including gains and losses realized upon sales and unrealized resulting from fluctuations in market values of investments.

Accounts and grants receivable

Accounts and grants receivable are recorded at net realizable value. Management considers all amounts to be fully collectible within one year. Accordingly, an allowance for doubtful accounts has not been established.

Fixed assets

Fixed assets in excess of \$3,000 are capitalized and stated at cost. Fixed assets are depreciated on a straight-line basis over the estimated useful lives of the related assets, generally three to eight years. Leasehold improvements are amortized over the remaining life of the lease. The cost of maintenance and repairs are expensed as incurred.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

1. Summary of Significant Accounting Policies and General Information (Continued)

Classification of net assets

AMCHP's net assets have been classified into the following two classes:

Net assets without donor restrictions - Net assets available for use in general operations and not subject to donor restrictions.

Net assets with donor restrictions - Net assets subject to donor or certain grantor imposed restrictions. Some donor (or grantor)-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor (or grantor)-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Income taxes

AMCHP is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements. AMCHP is not a private foundation.

For the years ended September 30, 2022 and 2021, AMCHP has determined that no material uncertain tax positions qualify for either recognition or disclosure in the financial statements.

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Revenue recognition

Grants and contracts:

Grants and contracts are recognized when an unconditional promise to give is received. Conditional promises to give, with a measurable performance obligation or other barrier and a right of return, are not recognized until the conditions on which they depend have been met. A portion of AMCHP's revenue is derived from cost-reimbursable grants from various sources. Amounts received are recognized as revenue without donor restriction when expenses have been incurred in compliance with specific contracts or grant provisions. Amounts received prior to incurring qualifying expenses are reported as refundable advances in the statements of financial position. AMCHP received grants of \$172,081 and \$534,586 as of September 30, 2022 and 2021, respectively, for which qualifying expenditures have not yet been incurred and are recognized in the statements of financial position as refundable advances.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

1. Summary of Significant Accounting Policies and General Information (Continued)

Membership:

Membership with the Association, which runs on a concurrent basis with the Association's fiscal year, has one performance obligation of member benefits. Member benefits, which include advocacy services and access to various resources, are considered one performance obligation. Member benefits are provided over the term of the membership period and accordingly membership dues revenue is recognized over that time period, which is generally one year. Payment for membership dues is due annually prior to the start of the membership period. Amounts received in advance of a given membership period for member dues are recorded as deferred revenue when received and recognized as revenue over the course of the applicable membership period. Membership dues revenue are refundable in the event of a membership cancellation. The Association has determined that a refund liability is not necessary as of September 30, 2022 and 2021.

Registration and exhibit:

The Association holds various conferences during the year. Payment is due prior to the conference date. The proceeds from registration and events are recognized as revenue, at the end of the month in which the meeting is held, or when goods, services, or benefits related to the conferences are provided. Amounts received in advance for conferences and meetings are recorded as deferred revenue when received and recognized as revenue when the meetings take place. In the event of a conference cancellation, refunds to attendees and sponsors are evaluated on a case by case basis.

Functional allocation of expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities and changes in net assets. Certain categories of expenses are attributed to more than one program or supporting activity. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Salaries and benefits are allocated based on actual time and effort. Rent, depreciation and amortization and all other expenses which require allocation have been allocated based on employee salaries. Other natural expenses that can be identified specifically with a particular program or supporting service are charged directly based on the nature of the activity.

Fair value measurement

AMCHP uses the provisions of FASB ASC 820, *Fair Value Measurement*. FASB ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs (assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk) used to measure fair value, and enhances disclosure requirements for fair value measurements. AMCHP accounts for a significant portion of its financial instruments at fair value or considers fair value in their measurement.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

1. Summary of Significant Accounting Policies and General Information (Continued)

Subsequent events

AMCHP has performed an evaluation of subsequent events through March 1, 2023, which is the date the financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and footnotes.

2. Liquidity and Availability of Resources

AMCHP's financial assets available within one year for general expenditures are as follows as of September 30:

| | 2022 | 2021 |
|--|---------------------|---------------------|
| Cash and cash equivalents | \$ 1,026,792 | \$ 1,660,121 |
| Investments | 1,032,076 | 1,025,826 |
| Accounts and grants receivable | <u>656,169</u> | <u>920,007</u> |
| | 2,715,037 | 3,605,954 |
| Less: | | |
| Amounts unavailable for general expenditures due to: | | |
| Purpose restrictions | <u>(25,564)</u> | <u>(12,064)</u> |
| Financial assets available for general expenditures | <u>\$ 2,689,473</u> | <u>\$ 3,593,890</u> |

AMCHP's main source of revenue is Federal grants which are received on a reimbursable basis. Timing of payments may cause a fluctuation in cash. As part of AMCHP's liquidity management, it has a policy of structuring financial assets to be available as its general obligations become due. AMCHP also has a line of credit in the amount of \$60,000 that could be drawn on if needed.

3. Investments and Fair Value Measurement

In accordance with FASB ASC 820, *Fair Value Measurement*, AMCHP has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

3. Investments and Fair Value Measurement (Continued)

Investments recorded in the statements of financial position are categorized based on the inputs to valuation techniques as follows:

Level 1 - These are investments where values are based on unadjusted quoted prices for identical assets in an active market AMCHP has the ability to access.

Level 2 - These are investments where values are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, or model-based valuation techniques that utilize inputs that are observable either directly or indirectly for substantially the full-term of the investments.

Level 3 - These are investments where inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value of investments, along with the level within the fair value hierarchy on a recurring basis, consisted of the following as of September 30:

| | <u>2022</u> | <u>2021</u> | <u>Level</u> |
|--------------------|---------------------|---------------------|--------------|
| Money market funds | \$ 232,668 | \$ 111,479 | 1 |
| Mutual funds | <u>799,408</u> | <u>914,347</u> | 1 |
| Total investments | <u>\$ 1,032,076</u> | <u>\$ 1,025,826</u> | |

4. Lease Commitments

AMCHP leases office space under a non-cancellable lease which expires in 2027. The lease includes an annual increase, and a tenant allowance of \$70 per square foot.

In accordance with GAAP, the total rent commitment is recognized on a straight-line basis over the term of the lease. Accordingly, the difference between the actual monthly payments and the rent expense being recognized for financial statement purposes is recorded as a deferred rent liability in the statements of financial position.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

4. Lease Commitments (Continued)

The following is a schedule of the future minimum lease payments:

| <u>Year Ending September 30,</u> | | | |
|----------------------------------|----|---------------------|--|
| 2023 | \$ | 425,040 | |
| 2024 | | 435,682 | |
| 2025 | | 446,572 | |
| 2026 | | 457,710 | |
| Thereafter | | <u>469,179</u> | |
| | | <u>\$ 2,234,183</u> | |

Rent expense for the years ended September 30, 2022 and 2021 was \$327,512 and \$323,470, respectively.

5. Retirement Plan

AMCHP provides retirement benefits to its employees through a 403(b) defined contribution plan covering all full-time employees. During the years ended September 30, 2022 and 2021, AMCHP made discretionary contributions to the plan totaling \$230,351 and \$201,551, respectively.

6. Contract Balances

The Association's contract liabilities consist of the following:

| | <u>2022</u> | | <u>2021</u> | |
|----------------------|----------------------------|----------------------------|----------------------------|----------------------------|
| | <u>Opening balance</u> | <u>Closing balance</u> | <u>Opening balance</u> | <u>Closing balance</u> |
| Contract liabilities | <u>\$ 86,265</u> | <u>\$ 33,090</u> | <u>\$ 305,875</u> | <u>\$ 86,265</u> |

7. Concentration of Revenue

Approximately 69% and 79% of AMCHP's revenue for the years ended September 30, 2022 and 2021, respectively, was derived from grants awarded by agencies of the United States Government. AMCHP has no reason to believe that relationships with these agencies will be discontinued in the foreseeable future. However, any interruption of these relationships (i.e., the failure to renew grant agreements or withholding of funds) would adversely affect AMCHP's ability to finance ongoing operations.

Association of Maternal and Child Health Programs

Notes to Financial Statements (Continued)

8. Contingency

AMCHP receives grants from various agencies of the United States Government. Such grants are subject to audit under the provisions of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. The ultimate determination of amounts received under the United States Government grants is based upon the allowance of costs reported to and accepted by the United States Government as a result of the audits. Audits in accordance with the applicable provisions have been completed for all required fiscal years through 2022. Until such audits have been accepted by the United States Government, there exists a contingency to refund any amount received in excess of allowable costs. Management is of the opinion that no material liability will result from such audits.

9. Commitments

The Association holds meetings at various locations throughout the United States. Certain meetings require contracts with hotels. In the event the Association is required to cancel a meeting or change locations, it may be required to pay certain cancellation fees. As of September 30, 2022 the Association is aware of up to approximately \$1,192,000 in potential contingencies related to hotel commitments that could be incurred in 2023. If meetings are cancelled, the Association will work to negotiate with the hotels to potentially mitigate these losses.

Association of Maternal and Child Health Programs

Notes to the Schedule of Expenditures of Federal Awards

Year ended September 30, 2022

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the Federal award activity of AMCHP under programs of the federal government for the year ended September 30, 2022. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of AMCHP, it is not intended to and does not present the financial position, changes in net assets or cash flows of AMCHP.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. AMCHP has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Revenue Reconciliation

Included in government grants and contracts revenue are the following for the year ended September 30, 2022:

| | |
|---|----------------------------|
| Assistance awards | \$ 4,797,972 |
| Fixed price contracts | <u>7,913</u> |
| Total government grants and contracts revenue | <u><u>\$ 4,805,885</u></u> |

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards**

Report of Independent Auditors

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Association of Maternal and Child Health Programs (the Association), which comprise the Association's statement of financial position as of September 30, 2022, and the related statements of activities and change in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 1, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Association's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Association's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Report of Independent Auditors

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Association's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Association's major federal programs for the year ended September 30, 2022. The Association's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Association complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Association and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Association's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statues, regulations, rules and provisions of contracts or grant agreements applicable to the Association's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Association's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Association's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Association's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Association's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Johnson Lambert LLP". The signature is written in black ink and is positioned in the lower-left quadrant of the page.

There were no reportable findings or questioned costs.

Association of Maternal and Child Health Programs

Summary of Prior Year Findings

Year ended September 30, 2022

Finding 2021-001: Noncompliance over Subrecipient Monitoring

Information on Federal Award: Department of Health and Human Services/Health Resources and Service Administration – Maternal and Child Health Federal Consolidated Programs

CFDA: 93.110

Criteria:

Federal Funding Accountability and Transparency Act (FFATA) reports are required to be filed for subrecipients receiving direct awards in excess of \$25,000.

Condition:

In our sample of 7, the Association did not file FFATA reports for 1 subrecipient who was awarded \$25,000 or more in a timely manner.

Context:

For 2021, the FFATA reports not filed timely represent 14% of the subrecipient population tested that required FFATA reported to be filed.

2022 Status of Finding:

During the current year, AMCHP filed all necessary FFATA reports.

Finding 2021-002: Noncompliance over Subrecipient Monitoring

Information on Federal Award: Department of Health and Human Services/Center for Disease Control and Prevention

CFDA: 93.421

Criteria:

Federal Funding Accountability and Transparency Act (FFATA) reports are required to be filed for subrecipients receiving direct awards in excess of \$25,000.

Condition:

In our sample of 2, the Association did not file FFATA reports for 1 subrecipient who was awarded \$25,000 or more in a timely manner.

Context:

For 2021, the FFATA reports not filed timely represent 50% of the subrecipient population tested that required FFATA reported to be filed.

2022 Status of Finding:

During the current year, AMCHP filed all necessary FFATA reports.
