State spotlight: Well Baby and Child Services

Well Baby/Child clinics are held at four community-based health centers. All Well-Child services are provided at no cost to clients. The Well Baby/Child population is the largest population served by the Maternal and Child Health Program.

Current Special Projects of Regional and National Significance (SPRANS)

Special Projects of Regional and National Significance (SPRANS) funding complements the formula funding each state receives and helps ensure the success of state Title V, Medicaid, and CHIP programs by driving innovation, responding to emerging and entrenched issues, and building capacity for integrated systems of care for women, children, and families.
