DATA COLLECTION & FINDINGS (BUILDING RELATIONSHIPS)

DISCUSSION QUESTIONS

- What are some successes that Title V has helped support, or that you are wondering if Title V can support in the future?

- What are some challenges that you've experienced in the management and implementation of Title V funds and activities?

- How can MDH Title V staff support your Title V efforts?

- What positive impact have you seen Title V have in your community?

- What are challenges that your community members are facing that Title V could potentially help address?

- How can MDH Title V staff support your Title V efforts in community?

- Considering the six population domains, which of the themes found in the needs assessment shared resonate with what you are…

  - *Seeing as issues facing your community?*

  - *Work that you are doing in your agency to address issues your community is facing?*

- What's missing that you are seeing in your community and/or you are doing in your agency to address issues your community is facing?

- What are some of the projects/activities that you are doing to address issues your community is facing?
