

Dear State or Jurisdictional Health Agency Leader,

On behalf of the Association of Maternal & Child Health Programs (AMCHP) and its local, state, and national partners, I want to confirm that we are moving forward with the AMCHP 2025 Annual Conference in Washington, DC, March 15-18, 2025. I would like to encourage you to support your Title V maternal and child health (MCH) and children and youth with special health care needs (CYSHCN) staff members, including those who work with the adolescent, and young adult populations, in attending the AMCHP 2025 Annual Conference. The theme for AMCHP 2025 is ***Partnering for Impact***.

AMCHP's Annual Conference is a critical investment in the ongoing professional development of your MCH, adolescent health, and CYSHCN staff. Designed in response to input from state MCH staff across the country, the conference aims to provide them with the tools they need to overcome challenges and guide your agency in achieving its goals related to the health of families in your state or jurisdiction.

As participants in the AMCHP 2025 Annual Conference, your staff attendees will acquire valuable information about funding for MCH programs, needs assessment, emerging health issues, how other states are tackling current economic and workforce challenges, and many opportunities to collaborate, connect, share, and learn. Your staff also have the opportunity to highlight their innovations and successes through participation in peer-reviewed workshops, roundtables, and poster sessions.

The AMCHP Annual Conference is the only national conference designed specifically to support the needs of state and jurisdictional MCH professionals. We appreciate your willingness to invest the time and funding to send representatives from your team to the conference. We firmly believe that the return on that investment will come in the form of increased capacity among your team members to improve the health and well-being of children and families in your state or jurisdiction.

I hope you will support this opportunity for your staff to participate in what will be an exceptional event. If you have any questions or would like additional information, please contact me.

Sincerely,

Terrance E. Moore

AMCHP CEO
