

**AMCHP**  
ASSOCIATION OF MATERNAL & CHILD HEALTH PROGRAMS

# Voices of AMCHP Kiosk at AMCHP 2026

## The Power of Your Voice

Now, more than ever, AMCHP needs your voice: your experiences; your advocacy work at the local, state, and national levels; and your impact. For this reason, and in alignment with AMCHP's commitment to raising awareness of the policies, investments, and critical emerging issues that affect maternal, child, and adolescent health (MCAH) populations, **AMCHP is hosting the Voices of AMCHP Kiosk at our 2026 AMCHP Annual Conference in Washington, DC.**

The *Voices of AMCHP Kiosk* is a station at the conference designed to capture **2-minute stories from everyone attending AMCHP 2026** on any of the of the available topics, ranging from your conference experience and this year's theme (The Power of Connection); your reflections on joy, wellness, and self-care; to stories on the impact of our partnerships, emerging issues and policies, affecting MCAH populations; the importance of family engagement; and the experiences of mothers, children, youth, families, and communities.

**BONUS!** As a token of gratitude for your time, everyone who shares a story at our Kiosk will enter into a **RAFFLE** to win one of three prizes:

- 1) A **Professional Headshot** taken at our conference
- 2) Philips Sonicare 4100 Series **Electronic Toothbrush**
- 3) An **AMCHP Merch** from our online store

A winner will be announced during each plenary session.

## How to Share Your Story

**No preparation is needed** to share your story; just bring your voice! Stop by the Voices of AMCHP Kiosk, located in the Anacostia Foyer outside the Potomac Ballroom (Saturday & Sunday) or the Exhibit Hall (Monday), during the conference. Our staff will help you select a topic, provide you with the prompts, and share some tips for your 2-minute video. **You can also schedule an appointment!**

Please feel free to share your story in a way that you are comfortable with.

## Who Can Share Their Story

**Everyone attending the conference** has a story we want to amplify! AMCHP members, partners, and collaborators; family and community-based organization representatives; youth, families, and individuals with an experience they want to share about; conference attendees (including presenters, speakers, exhibitors, and sponsors); as well as AMCHP staff, Board members, and committee members are invited to be part of the Voices of AMCHP Kiosk. **We have topic options for everybody!**

## How AMCHP Will Use Your Story

Your story will be pivotal in AMCHP's communication efforts to elevate the value of the AMCHP conference, membership, and partnership opportunities. If you are willing, your story may also help support some of our advocacy efforts in raising awareness of the policies, investments, and critical emerging issues that affect MCAH populations.
